The District was formed in 1963 and levied a property tax increment prior to Prop. 13 tax limitations. Property tax revenue provides approximately 80 percent of district operating funds; voter-approved assessments contribute another 16 percent.

Lakeside FPD is a member of the Heartland Communications Authority JPA for dispatch services and a founding member of the Regional Cooperative Care Partnership (RCCP), a consortium of emergency service agencies, which provides administrative oversight for ALS services and paramedic ambulance transport.

Ambulance transport services within the Lakeside FPD are authorized and funded by County Service Area (CSA) No. 69 (Heartland Paramedic). The Lakeside FPD and the City of Santee are contract providers for the transport services within the CSA.

LAFCO approved a sphere-of-influence for the Lakeside FPD in 1983 that includes a net area that is larger than the district boundary.
