All 3 Overlap
Summary of Key Conclusions

Predominant Themes in the MSR Draft:

1. Changing Community Character
2. Expanding Community Needs
3. Variations in Financial Stress
4. Distinct and Valued Roles
5. Realigning Park and Recreation Services
Summary of Recommendations

1. Coordinate with County/ SANDAG for population buildout.

2. Update Commission Rule No. 4 identifying the function, class and authorized location under statute.

3. Explore future opportunities to share and/or consolidate resources between VCFPD and County of San Diego.
   - Consistent with LAFCO’s standing policy objective to facilitate the orderly extension of the County Fire Authority in unincorporated San Diego County based on timing with community preferences.
Summary of Recommendations

4. All three affected agencies’ existing and separate operations appropriately serve the region and exploring a regional consolidation is not merited at this time.

5. Avoid creation of new standalone wastewater facilities and require future development to connect to VCMWD’s system unless special or local conditions merit otherwise including engineering, environmental, and economic considerations.

6. VCCSD to remedy existing deficiencies with its annual audit process and establish present-day values for its capital assets less appropriate depreciation amounts.
Summary of Recommendations

7. Reorganize VCCSD into a new CSA to access County Parks and Recreation resources coupled with a direct connection to developer-paid amenities.

8. VCCSD and County of San Diego to coordinate a reorganization proposal to transition the CSD into a new stand-alone CSA and establish current CSD Board into advisory committee.

9. LAFCO proceed and update the spheres for all three affected agencies with no changes and satisfy planning requirement under G.C. Section 56425.

Agency Overview

- Dependent district governed by the County Board of Supervisors
- Initially formed in 1994 to organize and fund public safety radio communications between County and 10 member cities
  - administered by County Sheriff – Wireless Division
  - $0.267 million budget
- LAFCO expanded functions in 2008 by activating fire protection and emergency medical services (zone)
  - administered by County Fire Authority with CAL FIRE contract
  - $44.142 million budget
KEY CONCLUSIONS

1. Two distinct and separate municipal roles
2. Different and reduced role in public safety radio communications
3. Expanding role in fire protection and emergency medical services
4. Positive financial standing
5. Merits to reorganize and establish a new fire protection district
Agenda Item No. 7a

RECOMMENDATIONS

1. LAFCO and SANDAG: coordinate buildout projections
2. More analysis needed to address DUC items in statute
3. Opportunity for CFA to further partner with independent districts
4. Better define/redefine CSA No. 135’s role for public safety radio
5. Appropriate to separate CSA No. 135 into two distinct agencies
6. Preferred reorganization is to create new dependent FPD
7. County should come forward with proposal (fee waiver)
8. No changes to sphere at this time
