San Diego County Local Agency Formation Commission

Regional Service Planning | Subdivision of the State of California

2019-2020 Workplan

Introduction:

Local Agency Formation Commissions' (LAFCOs) operate under the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2001 ("CKH") and are delegated regulatory and planning responsibilities by the Legislature to oversee the formation and subsequent development of local government agencies and their municipal service areas. Common regulatory functions include approving jurisdictional changes and outside service requests. Common planning functions include preparing studies to independently evaluate the availability, performance, and need for urban services and establishing and updating spheres of influence – which are the Legislature's version of urban growth boundaries and gatekeepers to future jurisdictional changes – for all cities and special districts. All regulatory and planning activities undertaken by LAFCOs may be conditioned and must be consistent with policies and procedures.

Objective:

This document represents San Diego LAFCO's ("Commission") formal 2019-2020 Workplan. The Workplan draws on the recommendations of the Executive Officer as vetted and approved by the Commission. The Workplan is divided into two distinct categories – statutory and administrative – with one of three priority rankings: high; moderate; or low. The underlying intent of the Workplan is to serve as a management tool to allocate Commission resources in a transparent manner over the 12-month period. Further, while it is a stand-alone document, the Workplan should be reviewed in relationship to the adopted operating budget given the planned goals and activities are facilitated and or limited accordingly. Additionally, and as needed, the Commission reserves discretion to amend the Workplan during the fiscal year to address changes in resources and or priorities and to carry-forward projects into subsequent years.

Executive Summary:

The 2019-2020 Workplan continues to guide the Commission to prioritize resources in addressing statutory duties and responsibilities. This includes continuing work on existing projects established – but not yet completed – from earlier fiscal years and marked by completing municipal service reviews for the Vista and San Marcos regions. New priority municipal service reviews involving the Fallbrook region, resource conservation services, and County Service Area No. 135 are also included as well as performing a policy review on outside service extensions. Other high priority projects include working with the County of San Diego to update an existing memorandum of understanding between the two agencies and preparing separate policy reviews on agricultural preservation and outside service extensions.
