SUBJECT: Proposed Amendments to Adopted Conflict of Interest Code

SUMMARY

The San Diego County Local Agency Formation Commission (LAFCO) will consider amendments to its adopted Conflict of Interest Code as part of a biennial review. Most of the amendments involve clarifying existing provisions with respect to identifying designated positions and applicable disclosure categories in filing annual statements of economic interest. This includes – notably – revising the disclosure categories to readily sync with Form 700s. The proposed amendments are being presented for Commission approval and for subsequent filing with the County of San Diego Board of Supervisors as the code-reviewing body for LAFCO.

BACKGROUND

Political Reform Act

California Government Code Section 87300 codifies the Political Reform Act of 1974 and requires State and local government agencies to adopt their own conflict of interest codes and perform biennial reviews to consider amendments as needed. The conflict of interest code prescribes filing requirements for public officials with respect to reporting outside incomes, gifts, and other financial interests. The underlying purpose of the conflict of interest code is to prevent biases – actual and apparent – tied to the financial interests of decision-makers.
Adopted Conflict of Interest Code

San Diego LAFCO adopted its Conflict of Interest Code in 1992 with subsequent amendments approved by the Commission in 1995 and 2008. The Code follows best practices that were in place at the time of its adoption and subsequent amendments and this includes incorporating by reference the standard requirements established by the Fair Political Practices Commission. The remainder of the Code provides guidance in filing statements of economic interests – or Forms 700. This includes designating reporting positions and assigning disclosure categories.

DISCUSSION

This item is for San Diego LAFCO to consider approving proposed amendments to its Conflict of Interest Code as part of the Commission’s biennial review. Should the Commission approve the amendments they would be forwarded to the County of San Diego Board of Supervisors for their approval as the code-reviewing body for LAFCO under statute. A summary of proposed amendments follows and further detailed in Attachment One.

- Designate the newly created Commission Clerk position as the official filling officer for San Diego LAFCO and responsible for requesting, receiving, and retaining all Form 700s. The current Code does not identify a filling officer.

- Identify two filing options for designated officials, employees, and consultants to submit their Form 700s: (a) paper and (b) electronically through the County of San Diego’s e-filing system. The current Code does not address the latter option.

- Streamline designated positions in the Code with respect to Commissioners and reduce listings to regular and alternates. The current Code distinguishes Commissioners by their appointing authority (i.e. County, city, district, and public).

- Add Commission Counsel and Deputy Commission Counsel to the list of designated positions required to file annual Form 700s. The current Code by practice requires these positions file as consultants. Also add the recently created position of GIS/IT Analyst.

- Restructure “disclosure categories” to more readily sync to Form 700 with respect to having five distinct fields and in doing so make it easier for designated positions to know what schedules (i.e. A, B, C, etc.) apply.

- Differentiate levels of disclosures required of designated positions at San Diego based on their level decision-making authority. The current code applies the same disclosure thresholds for all designated positions.
ANALYSIS

San Diego LAFCO’s existing Conflict of Interest Code dates to 2008 and the proposed amendments take aim to clarify and simplify administration and end-user compliance. Substantive clarifications include designating a position-specific filing officer (Commission Clerk) and allowing filers the option under policy to submit Form 700s by paper or electronically using the County of San Diego’s e-filing system. Substantive simplifications include revising the disclosure categories to explicitly align with Form 700s and help avoid filing inconsistencies.

RECOMMENDATION

Staff recommends San Diego LAFCO approve the proposed amendments to the Conflict of Interest Code based on the preceding analysis. This recommendation is consistent with Alternative One outlined in the proceeding section.
