SUBJECT: Progress Report on 2025-2026 Workplan

SUMMARY

The Special Districts Advisory Committee (“Committee”) will receive an update on the adopted 2025-2026 workplan and related activities. As the fiscal year proceeds into the second quarter, 10 of the 30 special projects are substantively underway with most activity focused on the Commission's top 10 high-priority items. Ongoing projects include municipal service reviews of wholesale water providers, local healthcare districts, and the San Diego Association of Governments. Other high-priority efforts underway include the preparation of a white paper on homeless services, administration of the SALC 2.0 grant, and a website refresh project. The item is provided to the Committee for information only.

BACKGROUND

San Diego LAFCO adopted its current fiscal year workplan at a public hearing in May 2025. The workplan includes 30 special projects divided into two distinct categories – statutory and administrative – with priority assignments established by the Commission.

DISCUSSION

This item provides the Committee with an update on the commencement and continuation of special projects approved as part of the 2025–2026 workplan. A full project status report

is attached and shows eight of the ten high-priority projects are substantively underway. Staff resources are currently focused on advancing the first five priority projects, all of which involve municipal service reviews. Updates on these MSRs were provided at the Committee's July 18th meeting. A separate quarterly update on the top-priority MSR — covering the San Diego County Water Authority (comprehensive review) and the Metropolitan Water District of Southern California (limited review) — is included under Agenda Item 5b. Other high- and mid-priority projects are also advancing, with additional details provided below.

Priority No. 8 | White Paper on Homeless Services

LAFCO staff has held four meetings with consultant Technical Assistance Collaborative and initiated data collection to (a) map the regional ecosystem of homeless services and (b) research performance metrics to evaluate the regional continuum of care system. The project will conclude with an overview of best practice recommendations on existing services and governance models, along with potential alternatives to improve coordination among agencies and organizations serving the homeless within the County.

Priority No. 10 | SALC Planning Grant 2.0

LAFCO staff continues to collaborate with the County's Planning and Development Services Department and consultant RICK Engineering to develop a Strategic Plan under Task 5 of the grant contract. This effort integrates findings from the Market and Gap Analyses prepared by Agricultural Impact Associates LLC and incorporates stakeholder feedback. Additional details will be provided as part of Agenda Item 5c.

Priority No. 13 | Website Refresh and Content Expansion

LAFCO staff is working with consultant Chase Design to explore options for redesigning the LAFCO website, with a focus on aesthetic design, accessibility, usability, and expanded content. This project also includes redesign of the LAFCO logo as part of a broader modernization effort. Additional details will be provided as part of Agenda Item 5d.

Priority No. 15 | Special Study of the Oceanside Small Craft Harbor District

LAFCO staff has initiated this study with consultant Adam Wilson. An initial stakeholder meeting with Harbor District representatives and City of Oceanside staff was held on September 24th to review the draft scope of work and gather feedback. Staff is now working to finalize a list of potential consultants with experience in Harbor District operations. The consultant will assist in evaluating the District's finances and exploring alternative governance models.
