

LOWER SWEETWATER FIRE PROTECTION DISTRICT

April 3, 2026

To: Commission Clerk
San Diego Local Agency Formation Commission
2550 Fifth Avenue, Suite 725
San Diego, CA 92103

Re: **Agenda Item 7a — Implementation of Policy L-107**

Dear Chair Becker and Commissioners:

The Lower Sweetwater Fire Protection District appreciates the opportunity to provide written comments on Agenda Item 7a. The District's request concerns the implementation of Policy L-107 as an adopted Commission policy that, under the Government Code, governs staff practice.

Policy L-107 establishes a clear requirement for early jurisdictional consultation prior to application completion and funding. The District's February 4 agenda-request packet documented a multi-year pattern in which this consultation did not occur for several reorganizations.

For these reasons, the District respectfully requests that the Commission:

- Reaffirm Policy L-107 as written;
- Direct staff to implement the policy based on its plain language as adopted by the Commission; and
- Receive a report on the steps taken to bring current practice into alignment with the policy.

Thank you for your attention to this matter and for your commitment to consistent and transparent policy implementation.

Sincerely,

Kurt Worden, Board President
Lower Sweetwater Fire Protection District
